現時，獨特標識編碼為CUH-CP551-8的基因改造木瓜及轉基因事件編碼為華農1號的基因改造木瓜的進口以作環境釋出獲豁免於相關的核准要求。不過，進口任何未獲豁免品種的基因改造木瓜以供在香港種植，則需要獲得事先核准。

Currently, GM papaya with the unique identifier code of CUH-CP551-8 and GM papaya with the transformation event code of Huanong 1 are exempted from the approval requirements for their import for release into the environment. However, prior approval is required for the import of any unexempted variety of GM papaya for planting in Hong Kong
