13 July 2005

Dear Sir / Madam,

**Briefing session on**  
**Import measures imposed on wood packaging material by HK's trading partners**

You may recall that this department has held a briefing session on 27 November 2003 to disseminate to trade information of the International Standards for Phytosanitary Measures (ISPM) No. 15 concerning measures to prevent spread of plant pests through international movement of wood packaging material (WPM) as well as the import requirements for WPM to be imposed by Hong Kong's major trading partners adopting the standard. We have since then provided updates of the issue in our website:

[http://www.afcd.gov.hk/quarantine/pprd/plant/swpm/ispm15\\_20050415\\_e.pdf](http://www.afcd.gov.hk/quarantine/pprd/plant/swpm/ispm15_20050415_e.pdf)

As our major trading partners like the European Community have implemented the standard while the US and China would implement it very soon, this department would like to hold a briefing session to refresh our trade on the issue, provide updates on the local fumigation facilities and marking system to help trade meet the requirement. Details are as follows:

Date: 29 July 2005 (Friday)  
Time: 2:30 pm – 4:30 pm  
Venue: **Hong Kong City Hall**,  
Recital Hall, 8/F High Block  
Edinburgh Place, Central

You are cordially invited to attend the briefing. **Please kindly fax the attached reply form to 2314 2622 before 22 July 2005 to confirm your attendance.** You are most welcome to call Mr. KY Lam at 2150 7023 for inquiries on the briefing.

Yours faithfully,

(Edward W.S. Lok)

for Director of Agriculture, Fisheries and Conservation
