

AGRICULTURE, FISHERIES AND CONSERVATION DEPARTMENT
Permit Terms for the Importation of Dogs and Cats from Group III Countries/Places
Special Permit Attachment No. 13
Terms to be complied with fully by the permittee

1. The permittee must notify the Duty Officer of Import & Export Section during office hours (Border Office Tel. (852) 26734443; Fax (852) 26525296 / Urban Office Tel. (852) 21507053; Fax (852) 23753563 / Airport Office Tel. (852) 21821001; Fax (852) 27698600; E-mail foii_airport@afcd.gov.hk) at least 24 hours in advance of the anticipated time of arrival.
2. The animals must be transported by the fastest and most direct route from the exporting country/place to or through Hong Kong as MANIFESTED CARGO.
3. The animals must be carried and caged (with labels) in accordance with the current Live Animals Regulations of IATA (International Air Transport Association) and in such a way as to ensure humane management at all times.
4. If the animals are to be imported from **Macau**, the designated port of entry must be: Hong Kong – Macau Ferry Terminal, Western District Public Cargo Working Area, New Yau Ma Tei Public Cargo Working Area OR Rambler Channel Public Cargo Working Area, AND the animals must arrive between 8:30 a.m. and 5:00 p.m.
5. The Prevention of Cruelty to Animals Ordinance, Cap. 169, the Public Health (Animals & Birds) Ordinance, Cap.139, the Rabies Ordinance Cap. 421, the Dogs and Cats Ordinance Cap. 167 and all other relevant legislation must be fully complied with.
6. Dogs and cats less than 60 days old and/or more than 4 weeks pregnant must not be imported.
7. Fighting dogs as listed in Schedule 1 of the Dangerous Dogs Regulation, Cap.167, sub. leg. D, such as Pit Bull Terrier, Dogo Argentino, Japanese Tosa and Fila Brasileiro and their crossbreeds must not be imported.
8. The animal is to be identified by a microchip which is listed on the accompanying animal health certificate. If the **dogs** are identified with a microchip other than that used for the identification of dogs in Hong Kong (AVID encrypted transponder with an alphanumeric code in the format of AVID*XXX*XXX*XXX) then after arrival in Hong Kong the **dogs** will be rechipped at the expense of the permittee or agent.
9. On arrival, the animals must be accompanied by the following certification in English or Chinese:
 (A separate certificate should be issued for each individual animal.)

(a) Animal Health Certificate	<ul style="list-style-type: none"> ● Dated not more than 14 days before the departure, certifying that the animal is free from any clinical signs of infectious or contagious disease, fit to travel, free of any quarantine restrictions imposed by the government authority of the country/place of export, and is either not pregnant or less than 4 weeks pregnant if it is a female. ● The certificate must be positively correlated to the animals being certified by including the identifying microchip details.
(b) Anti-rabies Vaccination Certificate (Optional)	The certificate should show a good history of anti-rabies vaccination, if possible.
(c) Vaccination Certificate	Certifying that the dogs/cats must have been fully vaccinated against the diseases mentioned below. The latest vaccination must not be less than 14 days but not more than a year before coming to Hong Kong: <ul style="list-style-type: none"> ● Dog---canine distemper, infectious canine hepatitis and canine parvovirus. ● Cat---feline panleucopaenia (infectious enteritis) and feline respiratory disease complex (cat flu).

10. Dogs 5 months of age or older will be vaccinated against rabies on arrival and again prior to release from quarantine where appropriate; dogs will be licensed and microchipped in accordance with Cap. 421 sub. leg. A (Rabies Regulation) at the expense of the permittee or agent before release.
11. Whenever the Veterinary Officer considers it necessary, the permittee or his agent must ensure that the animals are promptly examined and treated by a private veterinary surgeon at the expense of the permittee or his agent.
12. In the event of the animals being directed, under official escort, to the AFCD Airport Animal Hostel or the approved Animal Management Centre, the permittee or his agent will be required to provide suitable transport and pay the prescribed accommodation fees. Without prejudice to other terms and conditions of this permit, payment of any fees must be effected before the animals can be released.
13. The animals will normally be subject to 4-months quarantine in an Animal Management Centre in Hong Kong. If considered necessary, the period may be extended.

Note: Failure to comply with the requirements, as stipulated above, may render the animals liable to be rejected to the country/place of export or quarantine for a period determined by the Senior Veterinary Officer at the cost and risk of the permittee. The permittee may be prosecuted.
