

## **IMPORTATION OF FEATHERS TO HONG KONG**

It is recommended that sanitary certificate issued by the competent Government veterinary authority of the country of export certifying the following is to be accompanied with feathers importing to Hong Kong.

- 1) ***The feathers were derived from birds that were not within an area that was under any restrictions imposed by the national veterinary authority for the control of avian influenza;***
- 2) ***The feathers were treated by one of the following methods:***
  - (a) ***washed thoroughly in detergent followed by boiling or steam sterilization at a core temperature of at least 100 °C for a minimum of 30 minutes; or***
  - (b) ***washed thoroughly in detergent followed by formaldehyde fumigation (10% formalin) for 4 hours; and***
- 3) ***Assurance that the treated feathers could not be contaminated by raw materials or by equipment or personnel in contact with raw materials between processing and export***

### **進口羽毛到香港**

建議入口本港的羽毛須附有由出口國有關政府獸醫機構所發出的衛生證明書以證明符合下述條文。

- 1) **進口羽毛並非取自國家獸醫機構為控制禽流感所限制地區內的禽鳥**
- 2) **羽毛已經過以下其中一種方法處理過:**
  - (a) **以清潔劑完全清洗潔淨後再煮沸或以蒸汽消毒至中心溫度達100 °C處理至少達30分鐘;或**
  - (b) **以清潔劑完全清洗潔淨後再以甲醛燻蒸法(10%甲醛)處理至少四小時;**
- 3) **證明已處理的羽毛並沒有在處理及出口的過程中受到原材料或接觸到原材料的機器或人手所污染**
