2 October 2025

Dear Sir/Madam,

Proposals for amendment of the Appendices to CITES

The Secretariat of the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) has received proposals for amendment of Appendices to CITES, including proposals concerning some species of birds, lizards, snakes and frogs used as pets; some species of sharks, rays, eels, sea cucumber, abalone and Chilean palm used as food; and some plant species used for ornaments and timber. These proposals will be discussed at the 20th meeting of the Conference of the Parties to CITES which will be held in Samarkand, Uzbekistan from 24 November to 5 December 2025. Should the proposals be adopted, amendments of the Protection of Endangered Species of Animals and Plants Ordinance, Cap. 586 will be initiated, in order to give effect to the changes in regulation of the trade in endangered species. Please refer to our website at www.cites.hk (under What's New) or the link below for the list of the proposals and the plant and animal species involved:

www.afcd.gov.hk/english/conservation/con_end/files/ES01_25_Annex_Proposal_Eng.pdf

We will conduct briefing sessions on **4 November 2025 (Tuesday)** by videoconferencing via Zoom to inform relevant traders on the proposals and their implications. In order to make the necessary arrangements, if you are interested in attending the briefing sessions, please register by returning the attached reply slip to this department by the following e-form, email (hk_cites@afcd.gov.hk) or fax (2376 3749) on or before **24 October 2025**. **Please make sure that your email address is correct and stay tuned to our email confirmation.**

E-form: bit.ly/3tp38wG

If you have any enquiries regarding the CITES proposals and the briefing sessions, please give us an e-mail at hk_cites@afcd.gov.hk or contact our officers:

For enquiries about animals – Ms. Bo Bo Koh (Tel. 2150 6969)

For enquiries about plants – Mr. Kinson Chan (Tel. 2150 6968)

Yours faithfully,

(Timothy LAM)

for Director of Agriculture, Fisheries and Conservation
