- The process lead-time for the issue of Special Permit is normally 5 working days from the date the permit fee and the application form are received. Please note that request for dispatch by fax or email will not be entertained.
- Two copies of permit will be sent to the applicant. Please keep the original (white) copy for the retrieval of the pets on arrival. The carrying Airline/Shipping Company may require the shipper to produce the duplicate (yellow) copy before accepting the carriage of pets in the exporting country.
- Do not arrange for the actual transportation of your pets unless a Special Permit has been obtained from this department.
