2. The certificate must be positively correlated to the animals being certified by inclusion of the microchip details.
3. Part A, B and C in this certificate must be fully completed by the concerned parties: part A by the pet owner / consignor; part B by the examining veterinarian; part C by the government veterinary officer. Any amendments or corrections made to the certificate must be stamped **and** signed otherwise the certificate may be deemed void. Please note that any variation of the form or incomplete form may cause the animal to be quarantined for up to 6 months at the owner's risk and expense.
4. This certificate is for one animal only and is valid for 7 days from the date of issue by the examining veterinary surgeon.
5. This certificate must be signed and stamped by either:
(a) a full time salaried government veterinary officer in part B and C;
or
(b) a registered veterinary surgeon in part B and endorsed by a full time salaried government veterinary officer in part C.
6. It is advisable that the whole vaccination history/all relevant documents of the animal should be presented to this Department on arrival; in case there is any query on the vaccination status of the animal.
7. To facilitate correct certification it is strongly recommended that this Form (i.e.: **Form No. :VC-DC3A**) be used for those purposes.
8. This certificate is specified for the use of exporting dogs and cats to Hong Kong from the following **Group IIIA countries/places**.
