PART B: VETERINARY CERTIFICATE		
I, an *Official / a registered veterinary surgeon licensed to practice in the country/place from where the animal is exported, certify the following: (Note: The animal can only be exempted from quarantine provided all the following terms are attested as "true")		
<i>Please tick <input checked="" type="checkbox"/> in the appropriate boxes →</i>		True
False		
(a)	I am satisfied as to the correctness of the declaration made by the owner/exporter in Part A above. I have checked that the microchip number above is correct.	
(b)	The dog has been tested for rabies neutralisation antibody titre (RNATT) at least 180 days prior to entry to Hong Kong and the result is 0.5 IU/ml or greater. ★★ The original copy of the laboratory report must be attached to this certificate ★★	
(c)	The dog has been vaccinated against rabies less than one year and more than 30 days prior to departure. In the case of primary vaccination the animal was at least 90 days old when vaccinated. ★★ A copy of the history of all rabies vaccination records must be attached to this certificate ★★	
(d)	The dog is free of any quarantine restrictions imposed by the government authority.	
(e)	The dog is free from clinical signs of infectious or contagious disease and is fit to travel to Hong Kong.	
(f)	The dog has been effectively treated within 14 days of movement for internal and external parasites.	
(g)	I have sighted the attached vaccination records/certificates and confirmed that the dog has been fully vaccinated against Canine Distemper, Infectious Canine Hepatitis and Canine Parvovirus not less than 14 days and not more than 1 year before coming into Hong Kong. ★★ A copy of the history of above mentioned vaccination records must be attached to this certificate ★★	
(h)	I certify that the dog is not pregnant if it is a female.	
Signature : _____ Name in Block Letter : _____ Date : _____(dd/mm/yy)

Notes

1. Please complete in **BLOCK LETTERS**. For detailed information, please visit <http://www.afcd.gov.hk> or enquiry at (852)21507065 during office hours or Fax (852)23753563.
2. The certificate must be positively correlated to the animals being certified by including the identifying microchip details.
3. Part A, B and C in this certificate must be fully completed by the concerned parties. Any amendments or corrections made to the certificate must be stamped **and** signed otherwise the certificate may be deemed void. Please note that any variation of the form or incomplete form may cause the animal to be quarantined for up to 6 months at the owner's risk and expense.
4. This certificate is for one animal only and is valid for 14 days from the date of issue by the examining veterinary surgeon.
5. This certificate must be signed and stamped by either:
 - (a) a full time salaried government veterinary officer in part B and C;
 - or (b) a registered veterinary surgeon in part B **and** endorsed by a full time salaried government veterinary officer in part C.
6. It is advisable that the whole vaccination history/all relevant documents of the animal should be presented to this Department on arrival; in case there is any query on the vaccination status of the animal.
7. Animals less than 5 months old are subject to post arrival quarantine until they reach that age. Animals less than **60 days old** must not be imported into Hong Kong.
8. To facilitate correct certification it is strongly recommended that this Form (i.e.: Form no.: VC-dad) be used for those purposes.
9. This certificate is specified for the use of exporting disability assistance dogs to Hong Kong from all countries/places.
