If the above payment method is not acceptable, a Tenderer must indicate in its tender the alternative payment method it prefers for consideration. All additional costs and charges arising from the use of alternative method(s) of payment approved by the

Government Representative shall be borne solely by the successful Tenderer who shall forthwith reimburse the Government if such additional costs and charges shall have been paid by the Government Representative.

- 7.4 Without prejudice to the generality of the terms and conditions of these Tender Documents, the Government may require a Tenderer, who in the opinion of the Government, has submitted unreasonably low price, to justify and demonstrate to the reasonable satisfaction of the Government that such Tenderer is capable of carrying out and completing the Contract. Failing to so justify and demonstrate to the Government's satisfaction would entitle the Government not to consider the tender further without having the need to give any reason(s) for not considering the tender.

8. Management Plan and Contingency Plan

- 8.1 A Tenderer **must** as at Tender Closing Date submit with its tender a management plan and a contingency plan. **Otherwise, the Tenderer's tender will not be considered further.**

- 8.2 The information submitted in the management plan and the contingency plan will form part of the tender to be evaluated by the Government. The Tenderer may also include other materials as appropriate to facilitate consideration of its tender by the Government.

9. Tenderers' Response to the Government Enquiries

- 9.1 In the event that the Government determines that clarification of any tender is necessary or a document or a piece of information, except in relation to the document or information set out in Clause 4.8, is missing from any tender, it may, but is not obliged to, request the Tenderer concerned to make the necessary clarification, or submit the required document or information. Each Tenderer shall thereafter within five (5) working days after the date of the Government's request or such other period as specified in the request submit such clarification, information or document in the form required by the Government. Tenders may not be considered further if complete information or document is not provided as required by the deadline as specified in the request, or in the case of clarification, such clarification is not provided by such deadline or is not acceptable to the Government. This Clause does not preclude the Government from not considering the Tender further or from proceeding to evaluate the Tender on an "as is" basis without seeking clarification or further information or document.
- 9.2 Unless otherwise expressly stated by the Government in writing, any statement whether oral or written made in response to any enquiry made by a prospective Tenderer shall be for information only. No such statement constitutes a representation or warranty of whatsoever nature, express or implied, and no invitation is made by the Government to any Tenderer or prospective Tenderer to rely on the accuracy or completeness of such statement. Unless in the context of an issued addendum to the Tender Documents, the statement will not be deemed to form part of these Tender Documents and it shall not alter, negate or waive any of the provisions set out in these Tender Documents.

10. Award of Contract

- 10.1 The successful Tenderer will receive, as an indication of acceptance, a facsimile or a letter of acceptance prior to the receipt of duplicate copy of the Contract document.
