Equipment Improvement Project

Project number: SFDF – EIP0002

NOTES TO THE FINANCIAL STATEMENTS

FOR THE PERIOD FROM 1 APRIL 2021 TO 31 MARCH 2022

1. GENERAL INFORMATION

The Equipment Improvement Project (the "Project") (Project number: SFDF – EIP0002) was created pursuant to the Agreement made between the Government of the Hong Kong Special Administrative Region ("HKSAR") and Changing Business Limited, and the Sustainable Fisheries Development Fund ("SFDF") - Application Guidelines in respect of the SFDF project under the SFDF dated 27 March 2019 ("Agreement"),

The Project is principally engaged in assisting the fisherman to improve their working tools and equipments in Hong Kong. Its registered office and principal place of activities is at Flat A2, 4/F, High Win Factory Building, 47 Hoi Yuen Road, Kwun Tong, Kowloon.

2. SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA"), accounting principles generally accepted in Hong Kong and the applicable disclosures required by the Hong Kong Companies Ordinance.

These financial statements have been prepared under the historical cost convention.

The significant accounting policies applied in the preparation of these financial statements are set out below.

Recognition and derecognition of financial instruments

Financial assets and financial liabilities are recognised in the balance sheet when the Project becomes a party to the contractual provisions of the instruments.

Financial assets are derecognised when the contractual rights to receive cash flows from the assets expire; the Project transfers substantially all the risks and rewards of ownership of the assets; or the Project neither transfers nor retains substantially all the risks and rewards of ownership of the assets but has not retained control on the assets. On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised directly in equity is recognised in the income and expenditure statements.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires. The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in the income and expenditure statements.

Cash and cash equivalents

For the purpose of the cash flow statement, cash and cash equivalents represent cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term highly liquid investments which are readily convertible into known amounts of cash and subject to an insignificant risk of change in value. Bank overdrafts which are repayable on demand and form an integral part of the Project's cash management are also included as a component of cash and cash equivalents.

Equipment Improvement Project

Project number: SFDF – EIP0002

NOTES TO THE FINANCIAL STATEMENTS

FOR THE PERIOD FROM 1 APRIL 2021 TO 31 MARCH 2022

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and is recognised when it is probable that the economic benefits will flow to the Project and the amount of revenue can be measured reliably.

Income from government grant and fisherman contribution are recognised on cash received basis.

Interest income is recognised on a time proportion basis, by reference to the principal outstanding and at the interest rate applicable.

3. DEFICIT FOR THE PERIOD
