

正確用藥餌 安全要謹記

家居使用 螞蟻及蟑螂 藥餌的 注意事項

貯存藥餌

藥餌應貯存於陰涼乾燥處。

藥餌

切勿將藥餌與飲料沖劑一起擺放，以免誤服。

保持距離

施放藥餌時

依從標籤上的建議使用量。

藥餌必須貯存於孩童和寵物不容易接觸的地方。

施放藥餌時要戴上手套。

藥餌必須放置於藥餌盒內，切勿隨處撒放粉狀、粒狀和凝膠狀的藥餌。

切勿在廚房或用餐區附近施放藥餌。

施放藥餌後

施放藥餌後要徹底洗手。

不要強行拆開藥餌盒，以免藥餌掉出。

切勿重用藥餌盒作其他用途。

依照標籤指示定期更換藥餌 / 藥餌盒。

Handle Baits Properly Keep Safety in Mind

Precautions for Using Ant and Cockroach Baits at Home

Storage of baits

Baits should be stored in a cool and dry place.

Baits

Do not place baits and drink powder together to avoid mistaken consumption.

Keep a distance

Wear gloves during application of baits.

Follow the recommended application rate on the label.

During application of baits

Baits must be stored in places inaccessible to children and pets.

Baits must always be placed in a bait station, do not scatter the powder, pellet and gel baits arbitrarily.

Do not apply baits near kitchen or dining area.

After application of baits

Wash hands thoroughly after application of baits.

Do not force open the bait stations lest the baits fall out.

Do not reuse the bait stations for any other purposes.

Replace baits / bait stations regularly as directed on the label.
